- Junior Achievement’s (JA) purpose is to “inspire and prepare young people to succeed in a global economy.”
- Reaching over 5,000 K-12 students annually in the Mobile area, JA connects members of the business community with the classroom to teach experiential, hands-on curriculum. Programs focus on workforce readiness, financial literacy and entrepreneurship to cultivate success among students and increase the relevancy of their education.
- JA students engage in constructive activities covering topics such as: defining the difference between *needs* and *wants*, budgeting skills, workplace ethics, application of entrepreneurial thinking and skills, and running a business.
- Schools in our community look to Junior Achievement to provide supplemental learning experiences that help young people develop the competence, confidence and character to make smart academic and economic decisions.
